Body Is Returned

WILLIAM DAVID HORTON

Killed in action aboard the West Virginia in Pearl Harbor December 7, 1941.

FIRST WAR DEAD DUE TO ARRIVE NEXT WEEK

The body of William David Horton, Seaman First Class, United States Navy, has been returned to the United States from the Hawaiian Islands.

Horton was killed in action on December 7, 1941 when the Japs made their attack on Pearl Harbor. He was aboard the Battleship West Virginia.

Known to many as Demp Horton he was the son of Mr. and Mrs. J. L. Horton of Rockdale, Route 3. In all there were 3 sons of the family in the Navy.

William David Horton was a barber aboard the West Virginia and died from burns two days after the attack. The body has reached San Francisco and will be sent direct to Rockdale for burial. The two brothers who survived the war are J. L. Horton, Jr. and Gordon Clifford Horton.

He was awarded the Purple Heart by the Secretary of the Navy, posthumously, on January 21, 1943.

Gets Commission

CAPT. ALLAN DUBOSE

Capt. Allan D. DuBose of 819 East Euclid Street, San Antonio, is one among 88 men of that city to receive commissions in the regular army.

Capt. DuBose is now a regular in the Army Air Corps. He was born and reared in San Antonio. His mother is the former Miss Janie Black of Jones Prairie and a sister of Sheriff Carl C. Black.

Capt. DuBose then a Lieutenant in the air corps, flying a fighter plane was reported missing in action on December 1, 1943 after he had taken part in a battle against Jap planes. Flyers on the mission reported that they saw a parachute descending over the waters.

Subsequently it was learned that Capt. DuBose reached shore and was made a prisoner by the Japs. He was liberated by the British army in Burma. Shortly after he reached the United States he came to Cameron for a visit with Sheriff Carl Black, his uncle.

William Wise Named Secretary Fellowship Club At Huntsville

HUNTSVILLE, Oct. 15—William H. Wise, son of Mr. and Mrs. J. P. Wise of Cameron, has been elected secretary-treasurer of the Presbyterian-Episcopal Fellowship here.

Wise is a sophomore at Sam Houston State college.

MRS. JOHNSON RELATES STORY OF ABDUCTION

(From the Daily)

Mrs. R. H. Johnson, central witness for the state in the prosecution of Dr. Ola Dee Massey, charged with kidnapping, testified late Friday in district court that Dr. Massey told her on the way to Waco: "I would like to see you get out of that Providence Hospital."

The state is contending in the prosecution of Dr. Massey that Mrs. Johnson was lured from St. Edward's hospital in Cameron and spirited away to Waco by Dr. Massey. For this Dr. Massey was charged with kidnapping and was promptly indicted.

The State is also contending and attempting to show by competent testimony that Mrs. Johnson's retention at the Providence Hospital in Waco was part of scheme on Dr. Massey's part to rob Mrs. Johnson of jewels and other valuables.

Mrs. Johnson said that Dr. Massey came to St. Edward's Hospital here and told her she wanted to take her to Waco but that she told Dr. Massey she did not want to go. "I did not want to go, I would not go. She promised to take me home but she turned north on the highway instead of south. I begged her all the way to Waco to take me home."

Mrs. Johnson had entered St. Edwards Hospital here on July 7 on advice of Dr. John Lane Baskin, who also testified Wednesday. On July 8 (turn to page six)

NEW CROP OF FLEECY STAPLE IN BIG MONEY

A total of 13,000 bales of the new crop 1947 cotton had been received at the warves of the Cameron Compress Company up to noon Saturday, it was disclosed by P. W. Davis, manager of the plant.

Mr. Davis said that up to this date in 1946 only 4300 bales had been received. These figures by comparison show how much larger is the 1947 crop.

The cotton received here is largely from ginnings in Cameron and from local yards, including trucks in from nearby gins.

A good estimate is that these 13 thousand bales brought a gross of 2 million six hundred thousand dollars to cotton farmers and the harvest toll has put an old time up-average of spending in this community.

So far there have been no figures released to newspapers on total ginnings in the county.

Poultry Show Dates Set By Chamber Of Commerce In Cameron

Dates for the Poultry and Pig Show have been set by the Chamber of Commerce here, it was announced Wednesday morning by W. L. Smith, manager.

The show will be held on November 21 and 22 and the site will be the vacant lot north of the B & B Studios.

Mr. Smith said that a good prize list would be subscribed and that by combining the shows it should be very attractive. More details will be discussed later.

"Precious Cargo"

By LELIA McANALLY BATTE

A smudge of gray smoke stands out against the distant blue sky and on the ocean, a great majestic liner approaches. What will be the cargo, carried by this great ship? We wonder! Nearer, she comes, and we see the words "Hondo Knot" and, ashamed, we remember that this is the first of a number of ships bringing back our war dead to their native land, the country they loved so dearly, they died for it!

They left in a courageous mood, homesick, yes, but brave and willing to give their all for liberty; to free the oppressed people of the earth and make the world safe for people everywhere. They were young, jaunty, carefree, leaving their dreams behind them and hoping to return when the war would be over.

Now, they are returning, but so silently, so quietly! Their dreams are done; they sleep, peacefully. Because

DR. MASSEY CONVICTED

WOMAN DENTIST FREE ON \$3000 BOND HERE

Dr. Ola Dee Massey, woman dentist from Waco, was found guilty of kidnapping for the purpose of extortion, by a jury in District Court here Friday afternoon and punishment of 5 years in the penitentiary was assessed.

Dr. Massey made bond in the sum of \$3000 and was freed. T. S. Harris of Cameron and H. S. Beard, one of her lawyers of Waco, signed the bond.

The case went to the jury at 1:40 p. m. Friday and within 31 minutes the verdict was rendered. Louis G. Gest, automobile dealer from Rockdale, was the foreman of the jury.

Dr. Massey appeared stunned and remained seated for a considerable time, later joking with friends in the court room.

Dr. Massey was convicted under Article 1177A of the criminal code and on charges of having abducted her aunt, Mrs. R. H. Johnson of Cameron, from St. Edward's Hospital here, taking her to the Providence Hospital in Waco where she was held without means of communication, and for the purpose of extortion. Under the terms of the law the offense occurs mainly when it can be shown that the motive for kidnapping is for the purpose of theft or extortion.

Dr. Massey is under indictment in two other cases here, one for burglary and one for felony theft. These indictments grew out of charges that after she had kidnapped Mrs. Johnson, her aunt, she came to Cameron, entered the Johnson home and took certain valuables, including jewelry.

The whereabouts of a diamond brooch valued at \$2500 remains a mystery although it figured prominently in the trial of the case. Dr. Massey had the brooch when Sheriff Carl Black searched her Lake Waco home. The theft of the brooch from Mrs. Johnson's purse occurred in Waco and charges were filed against Dr. Massey there, but no indictment has been returned.

JOHN NEWTON CORBIN IS BURIED THURSDAY

Funeral services for John Newton Corbin, 81, were held from First Baptist Church Thursday afternoon at 3 o'clock with Rev. L. L. Morris, pastor, officiating.

Interment was made in Oak Hill Cemetery with the Green Funeral Home directing arrangements.

Mr. Corbin, a pioneer, died at 3 p. m. Wednesday at his home in north Cameron. He had been ill for a long period of time. Mr. Corbin had lived in Cameron for 42 years and was a retired farmer.

Surviving are his widow, Mrs. Minnie Corbin of Cameron; 3 sons Newton Corbin of Lubbock, Walter Corbin of Texas City and Elmer Corbin of Cameron; two daughters, Mrs. Vivian Woods and Mrs. Ida Bailey of Galveston. Three grand children also survive.

MEAT SALES DROP IS SLIGHT HERE

PEANUT POLL DECEMBER 9

YOEMEN FACE DUCKS

NO INTEREST HERE IN WORLD FOOD PROGRAM

The people of Cameron are manifesting very little interest, if any in the world food program.

This may be due to lack of leadership and organization here but on the whole there was little manifestation of any co-operative move with the President's plan.

No doubt the people generally realize the importance of food in the world right now, nothing can be accomplished here unless there is concerted effort under some well modeled plan.

A survey Wednesday morning conducted by The Herald disclosed that meat markets report very little drop in sales. This is in contrast to other centers where drops as low as 20 per cent are reported. Meat prices have been reduced in some centers but no drop has been reported in Cameron.

STATE CONCLUDES ITS CASE AGAINST MASSEY

(From the Daily)

Concluding testimony at noon Thursday the state rested in the trial of Dr. Ola Dee Massey, woman dentist from Waco, charged with kidnapping for the purpose of extortion.

Dr. Massey is under indictment in three cases, for kidnapping for the purpose of extortion, for burglary and felony theft.

The center of testimony in the concluding hours of the trial for the state was a diamond brooch, valued by Mrs. R. H. Johnson at \$2500 and still missing from the burglary of her home here after she had been forcibly taken to Waco and held in a Waco hospital for 6 days.

Sheriff Carl C. Black was placed on the stand to testify as a state witness. There were frequent objections from defense attorneys and Judge Watson ordered the jury from (turn to page two)

DR. W. A. SHIELDS IS DEAD IN NEW MEXICO

Dr. W. A. Shields, 70, of Weed, New Mexico died in a Hospital, at Artesia, New Mexico, September 30.

Dr. Shields had suffered a heart attack in May but was greatly improved until he became suddenly ill just before he died.

Dr. Shields was born near Tracy in Milam County, and lived in this county until about the year 1905. After finishing Medical school he practiced in this county. He was married to Miss Nell Harris of Galveston in 1900. He was an old fashioned Country doctor, and was loved and admired by many who knew him in and around the community where he had lived for the past years.

A host of young people who are the babies brought into the world paid homage to their departed doctor by gathering wild flowers from the New Mexico mountains and placing them on his grave. School was dismissed at Weed for funeral services on Wednesday in honor of the deceased. A friend, Dr. Rogers officiated.

Among his survivors are one brother, Ben Shields and two sisters, Miss Ora Shields and Mrs. Chas. A. Tosch all of Mesquite, Texas.

Miss Katie Nisbett of Cameron is a cousin and the Clark Burke family of Cameron are relatives of the Shields family.

MARKETING QUOTA AND PRICE SUPPORT ISSUE

Peanut growers will vote on marketing quotas for the 1948, 1949, and 1950 crops at a referendum to be held Tuesday, December 9. This date has just been officially announced by the U. S. Department of Agriculture, according to W. A. Atkinson, Chairman of the Milam County ACA Committee.

Persons eligible to vote in the referendum will be those who shared in a 1947 peanut crop that was picked or threshed, if the crop amounted to more than one acre of peanuts. Atkinson, said. Lists of eligible voters are being prepared for information furnished by peanut growers to the County Committee. Acreage allotments will be established for all farms in Milam County on which more than one acre of peanuts were picked or threshed during the years 1945, 1946, and 1947. These allotments will be based on the average acreage produced on each farm and will serve as a guide in securing a reduction of approximately 25% in the peanut acreage produced annually in this county.

Marketing quotas for peanuts of the 1948 crop were officially proclaimed by the Secretary of Agriculture last July, Chairman Atkinson, pointed out. Peanut Growers themselves will decide by their votes whether the quotas will be in effect.

If two-thirds or more of the peanut growers favor marketing quotas, they will be in effect for the next three years unless the Secretary of Agriculture determines later that the supply situation will justify termination of the quotas. The results of the referendum will also determine whether there will be a price support program for edible peanuts in operation for next years crop.

FORMER SCHOOL HEAD HERE DIED IN AUSTIN

(From the Daily)

Thomas A. Fisher, former Superintendent of Schools in Cameron died late Sunday, October 12.

Chas. M. Hicks, County Superintendent, and close friend of the deceased, received the news of the death of Mr. Fisher and immediately communicated the news to other friends here.

Funeral services were due to be held in Austin on Tuesday and Mr. Hicks and others planned to attend. Mr. Fisher was superintendent of the schools in Cameron for about 10 years. He succeeded Superintendent Kidd in 1921 shortly after the completion of Yoe High School and was here during the time of the construction of the Ada Henderson school and the negro high school. He was about 70 years of age.

After he left Cameron he moved to Austin and was with a mutual insurance company, organized for the benefit of the school Teachers of Texas. Later he left the company and was employed by the State Department of Education and at the time of his death was with the state land office.

Surviving are his widow, one daughter Margaret and one son, Thomas, Jr.

It was understood here that Mr. Fisher had succumbed to a heart attack. His health had been poor for a number of years.

Mr. and Mrs. Alex Hosek of Corpus Christi spent the week end in Cameron and Rockdale with their parents.

HARD WORK EASING UP ON EVE OF BIG GAME

The Yoemen have been hard at work all week in preparation for the game here Friday night against the Taylor Ducks.

The work out schedule was easing up some and all indications were the team will be in top shape for the game which is a conference tilt.

The Taylor Ducks, for 10 years District Champions, have not been in the running since 1945. The Yoemen defeated the Ducks in 1946 by a score of 28 to 7 in Taylor. The Yoemen went on to win the district and the bi-district from Fredericksburg but lost out badly to Mart in Temple in the regional game.

Coach Leo Jackson who saw his Yoemen loaf through the Tiger game Friday night but win handily 35 to 6. Is apt to make it two in a row against Taylor.

The Yoemen will go into their second conference game here Friday night big favorites. The Ducks have not had a win this year but have scored two touchdowns on their opponents with the exception of the game with Gatesville when they were defeated 14 to 0.

The Ducks are fielding a good line but minus their usual strength in the backfield.

It will be the last home game of the season for the Yoemen. They go to Killeen on October 24 and on October 31 have an open date. They go to Belton on November 7 and on November 14 end their conference season in Rosebud.

A game has been scheduled with Gatesville for November 26 but in the event Gatesville wins their district and the Yoemen win their district the game will not be played. This will occur only if both win their district titles. In case either fail the game will be played here on November 26.

The Yoemen have not had to extend themselves at any time this year except slightly in the game with Burbank and with Brenham. If they can bring themselves under restraint to play their schedule methodically game by game they should have no trouble winning. An upset might occur (turn to page seven)

ATTORNEYS PERFECTING RECORD FOR HIGH COURT

An appeal is being taken in the case of Dr. Ola Dee Massey, woman dentist from Waco, convicted of kidnapping with the intent to extort in District court here last week.

Attorneys Camp & Camp, of Cameron and Rockdale and R. S. Beard of Waco are perfecting the record in the case for submission to the court of criminal appeals.

Exceptions to the testimony in the case are expected to be long since the trial of the case was featured by frequent clashes in the court room.

Dr. Massey was convicted on kidnapping charges because she entered the home of her aunt here and took certain valuables while Mrs. Johnson was being forcibly detained in Providence Hospital in Waco.

In Waco while Mrs. Johnson was in the hospital a diamond brooch was stolen from her purse and was found to be missing when the purse was returned to her at the hospital.

Dr. Massey has the brooch and has refused to give it up. The offense was committed in McLennan county and the weak side of justice in the courts is being revealed. A case was filed against Dr. Massey in McLennan county but no indictment has been returned.

Proper Handling Of Eggs Means Difference Between Profits and Loss; Here Are Simple Rules That Will Cut Down Nearly All Losses

Egg losses among producers is a serious factor in profitable operation of flocks. The Herald has obtained a formula for handling eggs and passes this information on to the farmers.

If egg producers will follow the simple rules laid down in the following article they will realize much more money from their eggs:

Selling eggs under the graded egg program is of much advantage to the farmer if he properly handles his eggs from the nest to market. Many people believe that they profit more by selling their eggs on a straight run basis but this is only true in instances where care is not taken to present good, clean eggs at the market. There are many factors which contribute to a good, marketable egg among these are:

1. The nests should be cleaned daily of filth and fresh nesting provided.

2. The eggs should be thoroughly examined and before being brought to market the ones with mud, filth from the hen's feet and dried portions of broken egg on them should be washed in water no warmer than the egg.

3. The eggs should be placed in the egg case with the large end up. This prevents the yolk from being shaken from its normal position in the egg. Eggs with yolks shaken down will necessarily drop the grading on them one grade.

4. Care should be exercised to see that the eggs upon gathering and bringing to market are not exposed to the sun. When gathering eggs a clean cloth should be placed on the basket if it is necessary to set the eggs down for a short period where they might be exposed.

5. If it is necessary to come to market over a rough road the case of eggs should not be placed on the bed or floorboard of a vehicle. If it is not possible to put them on a cushioned seat then burlap sacks should be put under them to prevent their receiving hard jolts.

6. Eggs should be brought in as soon as possible after being gathered and if it is necessary to hold them for a short period they should be kept in a cool place preferably in refrigeration.

If reasonable care is taken of eggs from nest to market there is no reason why the graded eggs should not pay more dividends to the farmer than selling on straight run basis.

The grade A egg is a fresh egg with a normal yolk and normal shell shape and when broken out in a saucer the yolk will stand up and have a good firm look.

The grade B egg is one that perhaps has been exposed to heat or has been held too long without refrigeration. It is a good edible egg but the white has become somewhat watery and when candled the yolk is somewhat darker than the A egg and clearly presents an outline whereas the A grade yolk blends with the white and is barely discernable.

The grade C egg is one in which rough handling has done its damage. The yolk has been shaken down and when candled it is seen resting on the bottom of the inside shell. Also C grade eggs are eggs that have been held too long and the white becomes watery and the yolk takes on a congealed condition that causes it to slip to the bottom of the inside shell without necessarily being jarred. Also check eggs are considered grade C eggs.

Loss eggs are eggs from which the farmer derived no income come under three classifications— Leakers, rots, and ringers.

A leaker is an egg which has the shell cracked and the membrane or thin skin which is just under the shell of the egg is broken allowing the white of the egg to come through to the outside of the egg. A cracked egg that only has the shell cracked but the membrane is not broken is known as a check egg and is not a loss egg. The reason that a leaker egg is a loss is that the white of the egg is allowed to come into contact with the outside shell or the case fillers or human hands and is in this way contaminated whereby germs might be passed on when the eggs are used for human consumption.

A rot is a spoiled egg and when candled a black, red, or white rot condition can be clearly seen in the egg. These eggs have been exposed to too much heat or held too long without refrigeration. Grass eggs, or eggs that show a blue-greenish hue when candled are also loss eggs but these are rare and will be found only when chickens are made to depend largely on ranging for their substance. They are forced to depend on grass and green vegetation almost altogether for their diet and this produces the grass egg which is only a watery green composition.

A ringer is an egg that contains blood in it. This condition most often is present when the egg is layed. These are not so numerous.

Soil Conservation Meeting In Rockdale To Be Held Thursday

ROCKDALE, Oct. 13 — A special soil conservation meeting will be held at Rockdale Thursday night, Oct. 16. Dooley Dawson of Houston, will be the guest speaker.

The soil conservation meeting is being sponsored by the Young Men's Business League of Rockdale and the Rockdale State bank in cooperation with the Second National bank of Houston.

A crowd of 500 is expected to attend. The program will include a motion picture of "This Land of Ours," and a discussion of soil conservation.

A feature of the meeting will be the awarding of a \$50 war bond and two \$25 war bonds.

To Parents Of War Dead Whose Sons Are Being Returned

The Herald will greatly appreciate any information you may care to give regarding the return of your son, if his body is to be included among those coming back to the home lands.

This information is especially important as it may relate to funeral arrangements. Publication of the name of the returned veteran's body does not give any details about burials.

During the war The Herald published every available photo of men in service and has hundreds of engravings on file to be used in connection with the return of the bodies of the heroes.

BODY CPL. JOE NOVOTNY
RETURNED FROM CHINA**

Cpl. Joe Novotny, Jr., who died in Kweilin, China on February 25, 1944, is among the hundreds whose body will finally be interred in their native land here.

The body of Cpl. Novotny has arrived on the West Coast by Naval transport from the cemetery in Kunming, China.

Cpl. Novotny was born in the Belmena community near Cameron on August 28, 1921. He was the son of Mr. and Mrs. Joe Novotny, Sr., of Lancaster, Texas.

At the age of 18, Cpl. Novotny volunteered for the Army Air Corps

at Temple and on January 17, 1940 reported for duty at Fort Sam Houston. He was transferred within 3 weeks to Moffet Field in California and subsequently trained at Chico Air Base, at Gowen Field, Boise, Idaho and Pendleton Field in Oregon. At the expiration of his 3 years enlistment period he re-enlisted and was transferred to an embarkation station in New York. In June of that year he was granted a leave and visited his parents at Lancaster.

He sailed on June 28 for an overseas destination in India where he remained 3 months and then was transferred to Kweilin, China where he died from illness. He was buried in the military cemetery at Kunming, China.

News of his death was communicated to his family by Sgt. Frances Shores who said that Cpl. Novotny collapsed while waiting for a military conveyance to return him and companions to the camp.

There had been no announcement from the family regarding burial arrangements. He may be buried in Cameron but the body may also be taken to Lancaster.

**Baptist Brotherhood
Elect Officers At
Business Meeting**

The Brotherhood of First Baptist Church held a business meeting, Monday, October 6, at 7:30 p. m. for the purpose of re-organizing the Brotherhood and for the election of new officers.

Officers for the coming year are: Jack Hardy, president, J. C. Mayfield, First vice-president, J. R. (Dick) Young, Second vice-president, Roy Wright, Third vice-president, Dan Gunn Secretary-treasurer, C. L. Canady, Choirster and Morgan S. Layfield, pianist.

Out-going officers who served for the year ending 1946-1947 were: William F. Arthur, Wells Smith, C. L. Canady, John Hause, Ben Edmonds, Aleene Griswold and Clyde Cummings.

Committee chairmen will be named at a meeting on October 13, and plans are for every member to have work to do.

Rev. L. L. Morris is pastor of the church, and the Brotherhood organization is one of the service agencies of the church composed of all Christian laymen of the church.

Meetings will be held the first Monday night in each month.

The Brotherhood will observe Laymen Day, October 12, by attending all services at the Church on that date. A special feature for the day will be at the Sunday evening service when the choir will be composed of members of the Brotherhood, and the male choir will be featured.

The First Baptist Church Brotherhood joins other Baptists Churches throughout the Southern Baptist Convention in the promotion of "Laymen Day", October 12. Rev. L. L. Morris and Jack Hardy are in charge of plans.

**Veterans Overpaid
By \$1,457,144 On Jobs**

DALLAS.—The Veterans Administration has overpaid veterans receiving subsistence in 51 North Texas counties by \$1,457,144, it was revealed today by Director Robert C. Rice of the Dallas VA region.

The overpayments were to 15,779 veterans receiving unemployment benefits, on-the-job training payments or educational benefits.

The \$1,457,144 in overpayments represented only a small fraction of the total direct benefits that have been paid out to veterans in the last 14 months, Rice said.

The overpayments constitute a debt owed the Government by the veterans, he pointed, and is the obligation of the veteran to make restitution.

Mrs. Sam Deer is attending the bedside of her sister, Mrs. Alfred Norquists who is a surgery patient in a Temple hospital. Mrs. Deer will remain in Temple until Mrs. Norquist is improved.

**NURSE FAINTS WHILE
ON WITNESS STAND**

Mrs. Bonnie Woodliff, of Waco, nurse for 21 years, fainted on the witness stand here Wednesday afternoon in the trial of Dr. Ola Dee Massey, woman dentist, who is charged with kidnapping.

Mrs. Woodliff was under cross examination by defense attorney, E. A. Camp of Rockdale when she suddenly placed her arm over her face and fell forward. Court was adjourned for about 30 minutes while Mrs. Woodliff recovered.

She told of the struggle in the hospital room of Mrs. Johnson when Dr. Massey came in and wrested the telephone away from Mrs. Johnson.

Mrs. Laura White, another nurse, now critically ill, testified from a stretcher in the court room. She came to Cameron in an ambulance furnished by the state. Her testimony related to the telephone call from Dr. Massey about Mrs. Johnson's purse. She said that Dr. Massey called to say she had the purse.

Mrs. Eva Lee Schulz, a third Waco nurse, testified that she was on duty in Mrs. Johnson's room and that Mrs. Johnson was not allowed to use the telephone. She testified that she did finally try to place a call for Mrs. Johnson. When Dr. Massey heard of it she told Mrs. Schulz to "mind your own business."

Mrs. Schulz testified that Dr. Massey "told three different stories about the missing brooch."

Dr. John Lane Baskin testified that he had asked Mrs. Johnson to go to St. Edwards Hospital here where she could have a nurse. He said that Dr. Massey indicated it was her duty to care for Mrs. Johnson and that he assisted in arrangements for her to go to Waco after Dr. Massey suggested it would be more convenient for her.

It was understood that Dr. Baskin had recommended Dr. Arent for the case.

W. O. Newton, vice president of the Citizens National Bank, testified that Dr. Massey came to the bank and wanted to know about Mrs. Johnson's bank balance and that he told

her the amount after she had said it was needed for the hospital bill. Mr. Newton said he refused Dr. Massey access to Mrs. Johnson's safety deposit box.

Roy Baskin, testified that Dr. Massey came to Cameron and consulted him about getting a court order to name her guardian for Mrs. Johnson.

Dr. Baskin in his testimony said that Mrs. Johnson was not in need of any hospital care she could not have obtained in Cameron.

**BUSINESS IS GOOD
why advertise?**

Too often merchandisers loose sight of the fundamentals behind advertising. More money is spent to build good will among certain American business corporations than for sales.

It pays off too. More money is spent for advertising than for any other investment in American business.

Often when "business is good" merchants neglect to keep up their advertising, often losing sight of the value of consistency.

In the dark days of the depression merchants wore badges with the inscription "Business is Good". Advertising will do most anything, but "pump priming publicity" is often wasted money. Advertise consistently to get maximum results.

CAMERON 35; ROCKDALE 6

FUMBLING BECOMES NEW FOOTBALL SSIENE HERE

Winning a football game these days for the Cameron Yoemen is just a yawn, and besides the goal line is never more than three fumbles away. A fighting band of Rockdale Tigers made a ball game of it Friday night for at least two quarters and the score might have been anything, but when the game ended it was 35 to 6 in favor of Cameron.

No ball club could fumble that way without practice so we know what the Yoemen have been doing all week. There are fumbles and then there are fumbles. We got new ones. We are now fumbling off the T and that's something you haven't seen before.

If Cameron had been playing Killeen, Taylor, Rosebud or Belton Friday night they would be out of the District running and if they do not snap out of their yawn before the Taylor game next Friday they will be defeated by three touchdowns.

The Tigers made 139 yards rushing and that is something no other team has been able to do this year. The Tigers made 94 yards passing and had the ball on the one yard line three times as a result could have scored three more touchdowns. The Tigers made 8 first downs.

Cameron made 278 yards rushing, mostly between fumbles. They did not make a single yard passing because they never completed a pass although four were tossed. Rockdale threw 13 and completed 9 of them. Cameron was penalized 45 yards and Rockdale was penalized 20 yards.

In the race between the Turtle and

the Hare the rabbit went to sleep while the Turtle slowly crossed the finish line.

Co-Captains Jack Crane and Wayne Morris for the Tigers met Co-Captains O'Neill in the center of field for the toss and won it, electing to receive and to defend the west goal. Riola kicked to Morris who fumbled but recovered for a 4 yard run back. On two tries Love and Crane lost 4 yards and then Jack Crane got a bad pass from center on the punt effort and Cameron had the ball on the 15 yard line. Howard Beale who accounted for 3 of the Yoemen's five touchdowns thundered through for a touch down but there was a penalty against Cameron. T. J. O'Neill took a hand off from Michalka and ran the ball back 10 yards but there was another penalty for 5 yards against Cameron. Howard Beale who accounted for 3 of the Yoemen's five touchdowns came thundering through on the next try and a 25 yard run for a touchdown. Riola kicked goal and it was 7 to 0 in the first two minutes of the ball game. Billy Hanes came in for Michalka and Provasek came in at guard. O'Neill kicked 5 goals. The Tigers had to punt and T. J. O'Neill fumbled. Billy Hauk got 5 yards and O'Neill picked up 20 around the Rockdale right end. Hauk got 12 and a pass to Hauk was no good and T. J. O'Neill ran 16 yards to place the ball on the three and on the next play went over. Riola kicked 5 goals and so the score was 14 to 0. Armstrong making his first appearance of the year at left end, came in. He looked mighty good on both offense and defense. The Tigers came to life. Delbert Kyle ran the ball back. Crane passed to Leach for 20 yards and a first down. On the next play Wilker-

son threw Crane for a loss but the classy Rockdale back promptly raced up 20 around the Cameron left end. Kyle passed to Leach for 5 and Wayne Morris ran the ball to the Cameron 1 yard line, right through the Cameron left tackle position with a cut away to sweep the defensive end zone. The quarter ended with the ball on the one foot-line.

2nd Quarter

The ball went over to Cameron as the line held. Charley Duncan, the Cameron right guard was the main spark in the line. Beale ran the ball out to the 4. Then Leach caught O'Neill for no gain and Michalka punted. It was a poor kick out only 28 yards. Lloyd Love a Tiger back came in. There was a fumble in the Rockdale back field but a Tiger recovery. On the next play Cameron recovered and the ball was on their 30. Billy Hauk burst through the center of the Tiger line and raced 70 yards for a touchdown. It was the longest run of the game and one of the longest touchdown runs in Yoemen history. Cutheral Heath in the Taylor game in 1936 ran 100 yards for a score. The score was 21 to 0. Riola kicked to Noack and on the first play Crane raced for 15 but it was called back. Provasek broke through to spill Crane for a loss and it was second and 20 for the Tigers. A pass was good for 5 yards then Crane kicked out on the Cameron 40. Moseley and Burke came in and Beale returned to the backfield. Beale ripped off 15 and a pass to Hawkins was no good, a long heave down the field. Cameron drew 15 yards for holding. Moseley got 5 and Beale 6 then O'Neill raced away to the Tiger 8. It was a thrilling scamper. Beale carried over for a touch down and Riola was up to his old tricks again and the score was 28 to 0 as the half ended.

3rd Quarter

Now the fumbles begin. Rockdale kicked off and O'Neill ran the ball back 20 yards. Beale got 3 and Richard Burke who had subbed in the left half back position picked up 6 around the Rockdale right end. Beale ran for 3 and crashed down, the ball squirting 5 yards away and a Tiger pounced on it. The ball was on the Rockdale 45. Wayne Morris got away around the Cameron left end behind some splendid down field blocking for 30 yards, then passed for 15 yards to Crane who ran the ball to the Cameron 4. Leach went over for the Tiger touchdown and then they failed on the extra point the score was 28 to 6. Riola, Eugene Salach, George Hollas, Jimmy O'Neill and Charley Duncan came through to screen the goal posts and Crane's try plopped down and that was the end. Burke ran the Tiger kick off back to the 50 yard line. Beale took a hand off from Michalka but fell down. On the next play the Cameron fullback fumbled and Rockdale recovered. Kyle passed to Crane for 8 and Leach took a pass from Crane for 15. Duncan broke through to spill Crane for a loss. Joe Hawkins and Jimmy O'Neill came through to stop Crane behind the line. Crane then fumbled and Duncan recovered. Beale picked up 20 yards around the Rockdale right end and then on the next try fumbled and Rockdale recovered. Lloyd Love picked up 12 yards. Duncan was at it again as he broke through to spill Crane but Crane came right back and ripped off 7 but had to kick and the ball went out of bounds on the Cameron 26. John Matula in the backfield failed to gain and O'Neill got only 4. Cameron was off sides and had to kick. Crane made a nice run back. Hawkins broke up a pass to Kyle. Then Crane picked up 5 and passed to Leach for 15 yards and the ball was on the Cameron 30 as the quarter ended.

4th Quarter

Lloyd Love took a pass from Crane and raced to the Cameron 1 yard line. The Yoemen were about as good on pass defense as they were against Mart in the Regional game last year. The Tigers could not score. Hawkins and Jimmy O'Neill broke up 2 successive pass attempts and the Tigers had lost 5 yards. When the fourth down try was over the ball was on the Cameron 1 foot line. Big Howard Beale, came through for 5 then a first down. Burke got 6 and O'Neill picked up 15. A pass to Burke was no good. Michalka handed off to Burke who fumbled, Michalka recovered and raced 12 yards. A pass was no good and Beale like a bulldozer plowed for 25 yards ripping through would be tacklers like they were pins in a bowling lane. Love went out and Yoakum came in for the Tigers. The ball was on the Tiger 23. Michalka's pass to Hawkins was no good. Moseley fumbled but Michalka recovered but 5 yards was lost. Beale went to the Tiger 4 and Michalka did a bit of fumbling twice dropping the ball to the ground but picking it up in time. The ball was on the 4. After what seemed minutes

of fumbling on the 4, they looked back and there stood big Howard Beale so they let him have the ball and he went over for another score. Charles Brady called out of his guard position in the line, made his second conversion of the season in fine style and the score was 35 to 6. Garcia who had subbed into the backfield kicked off and Crane ran it back 20 yards. Dick Stedman intercepted a Tiger pass but on the first play fumbled for a loss. The game ended. Final score Cameron 35, Rockdale 6.

Business Women To Aid Dental Fund

The Business and Professional Women's club met Tuesday evening at the club room with the president, Mrs. Edith Starnes presiding.

Mrs. K. K. Robbins and Mrs. L. Van Perkins were co-hostesses and served a salad plate with iced tea and cake.

Following refreshments the business session was held in the main room, and at this time the club voted to aid with funds to help with the dental work for school children whose parents are not able to have the work done.

A large membership was present, with one guest, Miss Dorothy Darlington.

MRS. JOHNSON RELATES—

(continued from page one)
Dr. Massey came to Cameron and lured Mrs. Johnson from the hospital here and took her to Waco.
Mrs. Johnson testified that she was held for 6 days and finally on July 14 she was permitted to use a telephone and was able to escape.
Shortly after the last juror was qualified County Attorney Bill Morrison called Mrs. Johnson to the stand. Mrs. Johnson, now 74, has been a resident of Cameron 54 years. Her husband the late Rube H. Johnson, was a prominent jeweler and the Johnson Jewelry Store was one of the leading such stores in Texas some 30 years ago in Cameron.
Mrs. Johnson walked slowly toward the witness stand and was assisted by Sheriff Carl Black. She said that on the advice of her physician, Dr. John Lane Baskin that she went to St. Edward's Hospital in Cameron on July 7 and on the following day Dr. Massey came down. Dr. Massey is a niece of Mrs. Johnson. Before she left home to go to St. Edward's she took some money

and a diamond brooch, worth \$2500 and put them in her purse.
When they got to Waco, said Mrs. Johnson, she tried to phone her doctor here but that Dr. Massey came into the room and knocked the phone from her arms. On the evening she was placed in the Waco Hospital she discovered her purse was missing and called for it. Dr. Massey telephoned later in the evening that she had the purse and would return it. When the purse was returned the diamond brooch was missing.
Mrs. Johnson found that when she had entered the hospital there that a doctor had been engaged. He is Dr. W. M. Avent, formerly of Cameron, who left shortly for a vacation and was relieved by Dr. Collins. On the chart Dr. Avent made a notation that Mrs. Johnson was not to use the telephone or have company. Dr. Collins, after a whispered conversation with Dr. Massey in Mrs. Johnson's room at the hospital, put a second such notation on the chart.
Mrs. Johnson went on to tell how that finally on July 14 she got a call through to relatives and made her escape. She then related how she had gone to Waco with officers armed with 3 search warrants and recovered the valuables stolen from her home.
The diamond brooch is still missing and nothing has come out in the

trial relating to it except that it was taken from Mrs. Johnson's purse at the hospital.

KIDNAPPING—
(continued from page one)
The room and then heard Sheriff Black's testimony. Judge Watson over ruled the objections of defense lawyers and ordered Sheriff Black's testimony presented to the jury.
The court was adjourned for a brief period to give defense lawyers time to prepare a motion seeking to strike out a portion of the sheriff's testimony. Judge Watson promptly over ruled the motion and proceeded with the testimony.
Sheriff Black testified he went to Waco on July 14 and accompanied by George Mirick, deputy sheriff in McLennan county and Pat Ross, Waco city policeman and searched Dr. Massey's rooms in a Waco Hotel and later her house on the lake. Sheriff Black said that Dr. Massey was wearing the diamond brooch which she is alleged to have taken from Mrs. Johnson's purse at the hospital in Waco.
Sheriff Black testified that he confronted Dr. Massey with the matter of the stolen brooch and asked her if the one she was wearing was the same as the one she had taken from Mrs. Johnson's purse. He testified that Dr. Massey replied: "Yes, but you are damned sure not going to get it."

Sheriff Black then testified about the recovery of jewelry and other items taken from Mrs. Johnson's home in Cameron.
Mrs. Lela Phillips who was indicted by the grand jury for having entered the Johnson home here with Dr. Massey, testified that she came to Cameron with Dr. Massey while Mrs. Johnson was held in the Waco hospital. She also testified she was with Dr. Massey when Mrs. Johnson was lured from St. Edwards Hospital here. She testified also that she saw Dr. Massey wearing the brooch and that Dr. Massey claimed she had purchased the brooch from Mrs. Johnson for \$2200 and that she had paid all but a small sum of the price.
Sister Elizabeth Ann of Providence

Hospital in Waco who did not appear when summoned as a witness and who was held in contempt and fined \$100 by Judge Watson, was here Thursday and testified. She said that when Mrs. Johnson was placed in the hospital that Dr. Massey gave instructions that Mrs. Johnson was not to be allowed use of the telephone but that on the last day she ignored the instructions and Mrs. Johnson was allowed to telephone relatives in Cameron. She also testified about the incident when Dr. Massey wrested the phone away from Mrs. Johnson.
Sister Elizabeth Ann on questions from County Attorney Bill Morrison said that Mrs. Johnson appeared rational at all times during her 6 day stay in the hospital.
The state rested and defense attorney E. A. Camp rose from his seat and announced that defense council had concluded the state had not made a case against the defendant and would put on no testimony.

AMERICAN BEAUTY BISCUITS

A Virginia Roberts Tested Recipe
(Quantity: 12 Biscuits)

2 cups AMERICAN BEAUTY Flour
3 teaspoons baking powder 1/4 cup shortening
1 teaspoon salt 1/4 to 1 cup sweet milk

1. Sift, then measure the flour.
2. Measure baking powder and salt. Add to the flour and sift together into a mixing bowl.
3. Measure shortening and add to the dry ingredients. Cut in shortening until mixture resembles a coarse meal.
4. Add milk gradually; blend lightly.
5. Turn dough out onto a floured breadboard; knead lightly 30 seconds to form a round ball.
6. Flatten dough to 1/2 inch thickness using floured hands or rolling pin.
7. Cut dough into rounds; place on ungreased baking sheet.
8. Bake in a hot oven (450°) 12-15 minutes until lightly browned.

cur in case of overconfidence. The team is deficient on blocking and pass defense. These two factors combined in a game with a tough opponent might result in defeat. Belton looks the stronger of all opponents but Belton was defeated by Killen 6 to 0 on October 10. Belton cannot share in the title due to an infraction of the rules of the League, having engaged in an illegal game with Temple. The Temple Wildcats were also suspended for the 1947 season. If Cameron should lose to Belton it will count a game loss but Belton cannot claim it.

Killen has 7 lettermen back in the line and the Kangaroo line is apt to be the strongest wall the Yoemen will face.

IN APPRECIATION

I wish to express my sincere appreciation to Drs. J. L. Baskin, T. L. Denson and to the Hospital staff for their kindness while I was at the St. Edwards Hospital. I also want to thank my friends from Maysfield, Jones Prairie and other places for the many things you did for me while I was unable to attend to my business. I especially want to thank Mr. and Mrs. LeRoy Massengale for the many kindnesses they have shown us.

Wm. Brown and family,
Mr. and Mrs. Earl Barnes.

cheer and bringing happiness to men as they listened to his glorious voice. Still another might have been a great doctor, easing the ills of suffering humanity or discovering cures for diseases in his laboratory.

But, alas, they are gone! Their dreams are like faded rose petals, only the memory of their dreams in loving hearts remain, for they are gone from this earth forever! They died for liberty and world peace, and they died far away from home and loved ones.

Come in "Hondo Knot" for you and the others which will follow you are bringing many of our choicest and fairest boys home, "home", the place they loved so well!

They return to a world of strife and dissension, a world torn with selfishness, suspicion, dislike, and already one cold in forgetfulness, of what they did for us.

Have they died in vain? Mothers of America, if you do not remember daily in your living and in your prayers these who gave their all and the cause for which they died, we shall be called on again for more sacrifice!

Only as we put into active, real, practice the "Golden Rule" and cultivate the beautiful flower of peace and world brotherhood will be avert another world tragedy!

Let politicians, dictators, munitions-makers, diplomats of selfish nations and all war mongers carry out their will and we will be forced to give again of our fairest and best.

So quietly are they returning! So painful it is to the thoughtful people

But let us never forget their sacrifice!

Mothers of the world, awaken and with your faith in God above, pray desperately for world peace and world redemption, for there is no other way out. It is our last and only hope.

Come in, "Hondo Knot" and your sister ships with your precious cargoes. Every boy you are bringing home is dear to each of us!

We shall never never forget their sacrifice as long as God shall let us live!

God help us to face our obligations and debts to them as they come silently, quietly home to us!

St. Louis Cardinals Open Try Out Camps At Hondo and San Marcos

ST. LOUIS, Mo. Oct. 5—When the baseball tryout camps at San Marcos and Hondo start next week, scores of boys in Central Texas will have opportunity to take their first step toward getting into professional baseball. The St. Louis Cardinals, who will conduct the two camps, are on the lookout for many new players to supply their minor league clubs.

The San Marcos camp will be held at San Marcos Academy Field on Monday and Tuesday, October 20-21. The Hondo event will take place at Plaza Park on Wednesday and Thursday, October 22-23.

All players aspiring to careers in professional baseball are invited to enroll. Workouts begin at 10 o'clock each morning and continue throughout the day, with regular games scheduled as a part of the camp routine. Players should bring their own gloves and baseball shoes. Those who have uniforms are asked to bring them along, as the Cardinals do not supply this type equipment for their trial camps. The Cardinals will reimburse any players signing contracts for all expenses incident to attending the camps.

Fred Hawn and C. A. "Runt" Marr veteran Red Bird scouts and former minor league players and managers, will be in charge of the camps and put the players through drills in running, fielding, hitting and throwing. Every boy in camp will have an opportunity to show what he can do at his particular position, and every move will be closely watched by these two experienced professionals of the National Pastime.

Iva Earl Heath is spending her vacation in Cameron with her parents. Miss Heath is secretary for congressman W. R. Poage in Washington, D. C. After her vacation she will return to work in his office in Waco.

CHRISTIAN SCIENCE SERVICES

"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 19.

The Golden Text is: "The preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God" (I Corinthians 1:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All the ends of the world shall remember and turn unto the Lord: and all the kindreds of the nations shall worship before thee" (Psalms 22:27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is possible,—yea, it is the duty and privilege of every child, man, and woman,—to follow in some degree the example of the Master by the demonstration of truth and Life, of health and holiness" (page 37).

WATT
NUMBER

... IS THE ANSWER TO
BETTER LIGHT IN
YOUR HOME

THERE'S A SIZE FOR EVERY NEED

Your safety sign... that eyes have the full protection of proper light... is the watt number imprinted on every lamp bulb! Eyestrain can develop even from ordinary household tasks, if lighting is not adequate. Fill every light fixture and lamp with correct sight-saving sizes. Good light for easy seeing requires 150-watt lamp bulbs for study and reading lamps and 300-watt bulbs for floor lamps.

TP&L low-cost electricity gives your family the full benefit of plentiful light... for only a few cents a day! The added cost of electricity for using a 150-watt bulb instead of a 60-watt bulb is less than a penny for THREE HOURS... and the purchase cost of the 150-watt bulb is only 10 cents more. You owe it to your eyes to get proper lighting, now!

Belton Will Vote
On Prohibiting Beer
On November 4th

BELTON, Oct. 13.—Date for a local option election in justice precinct one for "prohibiting the sale of beer containing alcohol not exceeding four per centum by weight" was set for Nov. 4 by the County Commissioners' court in regular session today.

Calling of the election followed presentation of a petition containing the names of more than 200 persons which was filed in County Clerk Sam Moore's office Sept. 23. The petition was brought before the court today for action.

Total number of signatures necessary to call the election was 122, since that is 10 per cent of the number of votes cast for governor in the presidential election of Nov. 1944.

Mr. and Mrs. Narvie Caperton and daughter Betsy also Mildred Caperton and Mrs. Florence Ward attended the fair at Dallas Sunday.

Girl Scout Troops
Hear Brownie Songs

Mrs. Wells Smith held the Organizational meeting of Girl Scout Troop at the Ada Henderson school last week, and was assisted by Mrs. W. F. Arthur in explaining the Brownie work and teaching Brownie songs.

Guests present were Mrs. Stanley Swift, local Commissioner and Mrs. Opal Clifton of the Colorado lake area worker out of Austin.

The following twelve Brownies were present: Janice Marie Bridges, Peggy Hightower, Charlotte Greenlees, Myrna Gain Jackson, Carroll Leonard, Barbara Ann Collins, Emma Ruth Hearn, Paula Jean Thompson, Gaila Griswold, Beverly Lamb, Gloria Jean McNeely and Jacquelin Mauldin.

Out-door games were played and the group was dismissed with taps.

Helen Reichert spent an enjoyable week end in Austin with her sister, Ruth Reichert who is employed there.

GOVERNOR WILL NAME
CONSERVATION BOARD

Governor Jester announced late Monday that he will name a board to shape a program of co-operation with President Truman's nation wide food saving campaign.

The President has called upon the governors of the states to set up voluntary co-operative movements within their states to put into effect the nation wide food saving campaign.

Liquor distillers will be closed for 60 days and this action, contested by the union, will save some 15 or more million bushels of wheat. The National Baker's Association was feeling a cut back in bread consumption and in one Texas city a 10 per cent reduction had been noted.

The Governor said he would pick the committee from among business concerns whose interest is mainly with the production and processing of foods.

Thanks Are Given To
All Who Had Share In
Marak Picnic Success

The Herald has received from Father Ben Holub, of SS. Cyril and Methodius Church at Marak, request that thanks be extended to all who had a share in the success of the Picnic there last Sunday.

To each one who attended, to the gracious donors, go the special thanks of the Parish. Members of the Parish who worked so faithfully and with such loyalty are due great thanks and praise.

Father Holub said: "It was the best picnic we ever had." More and more the people of Cameron are realizing the great value of the Marak community and the fine people who live there and are showing their appreciation in many ways.

The picnic was a financial success with a net profit of \$4000 which will be used for needed things in the Parish.

TOKYO, JAPAN, AUG. 1947—

Like Grandma's stays, Japanese girls are still struggling with their obis, the traditional sash of the kimono outfit. But this girl is not your grandmother, boys—she is American Red Cross club worker in Tokyo, Dorothy Love, 124 East 40th Street, New York, who is demonstrating, with the help of a Japanese girl, the intricate tying process of the obi. Obliging assistance is being rendered by Pfc. "Master Of Sycamores"
Book Review Is Heard
By Large Audience

An event of much pleasure last week was the review of her novel, "Master Of The Sycamores" given by Mrs. Leila McAnally Batte to a large group of people from Milam county and central Texas in the basement of the First Methodist Church in Cameron. The Delphian and Three Arts Clubs presented the local author in the review.

Mrs. Batte was dressed in a formal black dress with rosebud corsage and stood on a decorated platform with an improvised background of berries and greenery with large baskets at either side filled with cosmos. Mrs. A. W. McCullin, president of the Delphian Club introduced the speaker, who presented the characters of her book in a most interesting and charming manner, which was well received by the audience. Most important guest was Mrs. Batte's husband, whom Mrs. Batte said was the inspiration of the character, Col. Richard Lee, and who is the hero of her book.

During the review and after the death of the heroine the colonel was aged and weary, sat dreaming, the strains of the negro spiritual, "Swing Low Sweet Chariot" could be heard from the negro choir concealed from view of the audience, and was under the direction of Mrs. Batte's daughter, Miss Lelia Lee Batte, brought the review to a most touching close.

The clubs presented Mrs. Batte with a token of appreciation, Mrs. Iva Reichert in a few well chosen words made the presentation.

Mrs. Batte is a member of the Texas Society of Poets, a member of the National Society of Arts and Letters and a Charter member of National Society of Poetry.

Mr. and Mrs. J. D. Reaves of Bridgeport visited in the homes of Mr. and Mrs. G. A. Plentl and Mr. and Mrs. Henry Reaves over the week end.

Mystery of
the Missing Farms

Yep, the number of farms in America is shrinking (by a quarter-million in the last five years!). What's happened to the missing farms? The land has been taken in by other farms, increasing the average size by twenty acres!

Does this growth mean farming's no longer a family enterprise? Just the opposite! More families own farms today than ever—only with labor-saving equipment they can handle more land, more work.

That's as it should be. The family farm is a fortress of democracy—

where our free, American life is secure. Where every member co-operates and shares the work... living together in temperance and tolerance—temperance that prefers a moderate beverage like beer, and tolerance for a taste that may be different from one's own.

From where I sit, our Family Farms (and they're 96% of all farms) are something that this country can be proud of!

NATION'S NEWEST SKYSCRAPER

First skyscraper to be completed since the war is that of the City National Bank in Houston, Texas, a 24-story structure of steel, concrete, brick and stone at Main Street and McKinney Avenue. Structural steel for the building, amounting to 3,578 tons, was provided through the Houston office of the Tennessee Coal, Iron and Railroad Company, United States Steel subsidiary. The bank will move into its new home about October 13th.

Assault May Race In 1948 If Operation On Leg Is Successful

NEW YORK, Oct. 2.—Robert J. Kleberg's Assault will not race again this year, trainer Max Hirsch said today but he is "hopeful" that the colt will return to competition next season.

Hirsch said that the 1946 horse of the year, decisively beaten by Warren Wright's Armed in last Saturday's \$100,000 winner-take-all special match race, will be "unwound" now and later the firing iron will be applied to the leg on which a splint has bothered him. That may be some weeks from now.

"We (owner Kleberg and Hirsch) have not made any decision regarding whether or not Assault will race next year," said Hirsch. "His feet are in better condition now than in a long time. If the firing of the splint should clear up that trouble and if the colt winters well, I wouldn't be surprised if we race him in 1948. We are hopeful that the firing may prove successful enough to bring him back next season."

"Assault always has had that splint but the trouble became more severe during the past month or six weeks and interfered more with him. It is a painful thing and the leg probably will be fired some weeks from now."

A lot will depend upon how he fares after that."

The Kleberg four year old stands third on the world money-winning list, behind Mrs. E. D. Jacob's Stymie and Armed. Stymie has earned \$752,210, Armed has \$742,900 and Assault, \$623,370.

Assault has raced 31 times, scoring 15 triumphs, finishing second five times and third on five occasions. This year he went to the post seven times, winning his first five starts and earning \$181,925. His triumph in Brooklyn June 21 placed him on top of the world money-winning standing, but later Stymie and Armed surpassed the terrific Texan.

Last year Assault won \$424,195 and became the first horse to hit the \$400,000 mark in one year.

Mexican Woman Says She Was Bought By Negro As a Slave

CORSICANA, Oct. 7.—U. S. immigration officers from the Dallas office were here today checking the story of a 30-year-old Mexican woman that she was purchased for 24 pesos in Mexico and brought to Corsicana by a 50-year-old negro convict.

The negro was held in city jail here. The Mexican woman, emaciated and nervous, was found following the negro's arrest several days ago, on drunkenness charges.

VOCATIONAL SERVICE AID MANY IN MILAM

Most people have heard something about Vocational Rehabilitation for disabled veterans, but there are still hundreds of people of Milam County who do not yet know that the Rehabilitation Division of the State Board for Vocational Education provides help for civilian disabled who are of employable age.

People who are at least sixteen years of age and whose capacity to work has been restricted by any crippling conditions, deafness and hard of hearing, defective vision, tuberculosis, amputation of arm or leg, hernia, epileptic, heart ailment, diabetes, and many types of mental and emotional impairments may be eligible for rehabilitation services.

In order to make the physically handicapped employable, the Rehabilitation Division may provide complete medical examinations, guidance and planning, surgery and hospitalization, training, room and board while in training, tools to carry on a trade, hearing aids and artificial arms and legs.

According to Charles O. Blalock, Counselor, the Rehabilitation Division within the last two years has provided such services to Milam County citizens as surgery and hospitalization for hernia, repairs for farmers, electric sewing machine and training in dress-making for a Cameron girl, training and tools for watch repair for a young man with an amputated leg. Another young man is now a successful lawyer in Dallas whose tuition was paid at the University of Texas for his degree in law. While another young man chose to go to A&M College and major in agriculture with tuition paid. He is now a successful teacher of agriculture. Tuition was paid for a girl in business college. Many other Milam County physically handicapped citizens have been served since the Rehabilitation Division was authorized in 1929, Blalock stated.

He pointed out further that the Rehabilitation Division now has a Milam County farmer in an Austin Hospital whose work capacity has been greatly restricted for a number of years because of his physical condition. His condition has been corrected by an operation. A young man has just completed his training in barbering with his tuition, room and board and tools provided. An electric sewing machine and tuition for a young lady in dressmaking is now being provided. Plans are now in the making for several other Milam County physically handicapped citizens.

People who are interested in knowing more about rehabilitation services should write to Charles O. Blalock, Counselor, Vocational Rehabilitation, 1000½ Congress Avenue, Austin, Texas.

DEFENSE DECLINES TO INTRODUCE WITNESSES

DR. MASSEY CONVICTED

Dr. Ola Dee Massey was given 5 years in prison by the jury after deliberating less than half hour.

Trial of Dr. Ola Dee Massey, woman dentist from Waco, on a charge of kidnapping for the purpose of extortion, was ended abruptly Thursday at noon in District Court here, when County Attorney Morrison reentered his case and defense counsel announced it would not introduce evidence.

E. A. Camp of Rockdale, one of the defense lawyers, said that defense counsel had concluded that the State had not made out a case against Dr. Massey.

The court room was filled with spectators and disappointment was heard on every hand for many had hoped to hear Dr. Massey testify in her own behalf.

The question whether the State's Attorney Bill Morrison had proved his case, would be determined by the jury and Judge John Watson began writing his charge, due to be given the jury sometime Friday morning.

Dr. Massey was indicted for the offense of kidnapping for the purpose of extortion under Section A.

Article 1177 of the criminal code. The burden of the state was to prove that Dr. Massey lured Mrs. Johnson away from the hospital in Cameron and took her to Waco where she was held against her will, and for the purpose of robbing the Johnson home in Cameron. Under the law no offense may necessarily occur if there is no intent to extort, except where facts show that wilful retention of a person were so flagrant as to warrant charges.

Thorough testimony the state sought to prove that Dr. Massey not only lured Mrs. Johnson from a Cameron Hospital on the promise she would take her to her home in Cameron, but took her to Waco and caused her to be held without communication and did on the following days come to Cameron and take certain valuables from the Johnson home, that Dr. Massey did take from the purse of Mrs. Johnson a diamond brooch valued at \$2500 and has not returned it. Sheriff Black and Waco officers recovered the other loot from the lake Waco house of Dr. Massey.

It was evident that Defense counsel was satisfied to rest its case with the jury either for a mis-trial for failure to agree on a verdict or had good reasons to believe that reversible errors had crept into the transcript of the testimony.

The charge to the jury, debated by counsel, was in its final stage Friday morning and when given the jury, argument would begin. There was every indication the case might reach the jury by late Friday.

BEFORE THE fish hook WAS INVENTED—A FISHERMAN USED A 'GORGE', A PIECE OF FLINT OR OTHER STONE WHICH A FISH CAN SWALLOW BUT CANNOT EJECT

today

Disciples of Izaak Walton venture forth with tackle box filled with many and varied lures, hooks, and baits... all of them designed to be "just what it takes to get the big one."

And, Have You Heard Grand-tastin' Grand Prize Beer has just what it takes to satisfy a sportsman's thirst for refreshment. Every golden glassful of this better beverage of moderation is a fitting toast to the "catch of the day."

A wife owes her husband the responsibility of maintaining a home, even when she is taken out of life's picture.

First Lady

YES, SIR, in Mother's language she's the "first lady." And Mother had her in mind, as well as Dad, that day she took out a Southwestern Life Insurance policy on her own life. Mother calls it "Wife Insurance;" it's her plan to make sure that Dad won't be head-over-heels in debt, if she should be taken away.

You see, she knows about wives who suffered lingering illnesses, and incurred big medical, and hospital, and other bills, and then were taken away. She knows what a struggle the husbands had trying to hold the family together and carry on, because they had no ready cash to pay those bills. She knows about them having to go in debt, and how many, many months it took some of them to get "back on their feet" financially. And since Mother wants Dad to be able to carry on, and to give her little "first lady" all the things they've planned together to give her, Mother has a Southwestern Life Insurance policy on her own life that will give Dad the cash he'd need in such an emergency.

How about *your* wife? Would you have the ready cash to pay the doctor, the hospital, the druggist—to settle all the bills you'd have to settle, if she were called away? Or would you have to "go in debt?" With Southwestern "Wife Insurance," you can avoid the long, tedious, financial set-back that such misfortune brings. You can have the ready cash when you'll need it most. Now, while she is in good health, is the time to put *your* wife's plan in effect. Let's talk it over.

S. E. BROGDON
REPRESENTATIVE
THE PAST 30 YEARS

EQUIPMENT VALUED AT \$30,000 IS RECEIVED

Last summer, early in June, saw the start of an organization here that already has at least \$30,000 in equipment, will soon have a payroll ranging between \$15,000 and \$20,000 a year, and which will spend several thousand dollars more in that time for upkeep and maintenance.

Maybe that's a roundabout way to describe what Battery C, 239th Field Artillery Battalion, the local National Guard unit, means to Cameron and Milam County in terms of dollars and cents. But it will serve, perhaps, to show some of the very realistic financial benefits to the community. And just in case those figures seem high a few details may help to substantiate them.

Battery C has an authorized full strength of four officers and seventy five enlisted men. A Guardsman drills only two hours on one night a week, but nevertheless receives a full day's Regular Army pay for it—which means \$1.25 an hour and up. Mostly up in the case of the local battery, since it has so many ratings. (More about those in a minute.) So, in a year's time for 2 hours of drill one night each week and 15 days at summer camp, a Private receives \$157.50, a Pfc. \$170., a Corporal \$189., a Sergeant \$209.80 and the top three grades higher pay in proportion. Also the battery has one full-time, 40 hour a week job of caretaker (supply sergeant) which pays \$2190.00 a year exclusive of the Guardsman pay. All of which will explain why the battery's yearly payroll should amount to a minimum of \$15,000, and probably will be much more. Cameron incidentally, began to receive the first benefits of this last month when the men of the battery got their first pay and Captain Rudolph Michalka distributed \$523.00 in checks.

The unit's equipment—everything for a field artillery outfit from a 105 mm. howitzer to entrenching tools—has been coming in ever since early in September. Values are hard to place on this, but estimates are between \$30,000 and \$50,000. The first of the unit's seventeen vehicles are expected to arrive this week. These will have a gasoline allowance of 15 gallons per vehicle a week. A motor pool already has been built; the materials alone for the high wire fence enclosing it on the grounds of the old grammar school building cost approximately \$250. And at least another \$250 has been spent on repairs and improvements on the building itself where the battery's armory is located. "And", Capt. Michalka commented recently, "we will have to spend a good deal more".

So much for the financial benefits to the community as a whole. Maybe a few facts should be added about the advantages to the young men who enlist as Guardsmen.

First, of course, is the pay, which already has been mentioned. Then there is the chance for quick promotion. The battery's Table of Organization calls for a first sgt., 4 staff sgt., 5 sgt., 30 corporals and technicians, and 25 pfc. Further, a Guardsman will have an opportunity to apply for and attend Officers Candidate School if he wishes. Or he may go to the army's technical schools in automotive, radio and other lines, and get instruction which will make him more skilled in his

civilian job.

That, roughly, sums up the benefits of a National Guard unit to its area. Congress has already appropriated the money. All that is necessary is for the men to come in and get it.

Mr. Scurlock is a native of Houston and moved to Cameron two years ago, and resides with his family at 203 East 9th Street.

Mr. Scurlock is announcing to the readers of The Herald that he has entered business here and invites them to his store as well as all the patrons of Food Center which has been in operation for some time prior to his purchase.

Mr. and Mrs. Frank Dohnalik of Route 1, Cameron have announced the arrival of their son, Frankie Joe, born at Newton Memorial Hospital, October 13, 1947. He weighed 7 pounds and 6 ounces.

Ray Milland Leads Big Star Cast In Comedy Opening Here Thursday

"Professor" Ray Milland has a theory about love in Paramount's new romantic comedy, "The Trouble With Women," but it is co-star Teresa Wright, in what is reported to be a film-full of hilarious and breezy lessons, who teaches Ray the actual practice of that mystifying and delightful emotion.

The love and laugh film, which opens next Thursday at the Cameron Theatre, also stars Brian Donlevy. He plays a hard-boiled newspaper editor who divides his affections between sob-sister Teresa Wright and his paper, and provides a formidable obstacle to Milland's enjoyable pursuit of knowledge.

The versatile Milland, who has displayed his "Oscar"-winning talent in almost every conceivable type of role, is now cast as a "boot-wormish" psychologist whose work, "The Subjugation of Women," was written from theory and not personal experience. His belief that some women love to be pushed around by their mates, arouses much controversy and a great deal of feminine interest in the professor. And when Donlevy's paper

libelously miquotes Milland in an article by Miss Wright, the fun really begins.

Teresa's efforts to get Milland to withdraw his suit gainst the paper are said to contain as many laughs as one audience can stand, the most riotous being the powder-puff attack on Ray by a bevy of beefy burlesque babes. To strengthen her campaign further Teresa enrolls as a pupil in Ray's class, and she soon goes to the head of the teacher. The film's ending, reported to be one of the season's outstanding comedy bits, finds Ray and Teresa on the verge of love's greatest experiment—marriage.

Heading the supporting cast of "The Trouble With Women," are Rose Hobart, Charles Smith (Dizzy in the Henry Alrich series) Iris Adrian, playing a burlesque queen, and Frank Faylen. Sidney Lanfield directed and according to advance notices, has made "The Trouble With Women" topnotch film entertainment.

Miss Myra Winfield, daughter of Mrs. Bennie Winfield and who is a student in Texas University is doing part time teaching science in the University. The Winfield family lived in Cameron, and have many friends here who are pleased to hear of her fine work.
